Dear Glenn,

I just wanted to take a moment to personally say thank you for your help with the University of Miami Hurricane's this past year. The "Drive for Five" National Football Championships became a reality this year.

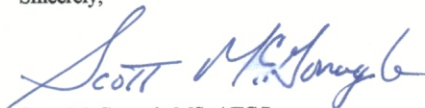

Many of our current and former football players have worn your products over the past several years with a great deal of satisfaction. Most recently, the "Outland Trophy" winner was wearing your orthotics in this year's Rose Bowl National Championship Game. I am sure you remember him, as he was 6'9" and 360 pounds, wearing a size 18 orthotic. Your personal attention in making his orthotics was terrific in that it helped me return him safely to the field after his arthroscopic knee surgery.

I have a number of our other sports athletes wearing the products as well. My Assistant Athletic Trainer's have found a great deal of success in molding the orthotics. The durability, comfort and compliance of wearing them have been very pleasing.

When a team is working to win a championship you must surround yourself with people and products that will help you achieve your goal. I know we have done that with you and Fastech.

Thanks again for making the trips to Miami to instruct and assist my staff in our making of the orthotics. I value the friendship and the service you provide.

Sincerely,

Scott McGonagle MS, ATC/L
Head Athletic Trainer
